

**ARP-ESSER Application: Part 2 - ARP Act**Introduction/Instructions - Summary & Background

---

**Summary & Background**

MENANDS UFSD

010615020000

**SUMMARY & BACKGROUND**

On March 11, 2021, the President signed into law the American Rescue Plan Act of 2021 (ARP). ARP makes available \$122.8 billion nationally in a third round of Elementary and Secondary School Emergency Relief (ESSER) funds. New York State has been allocated nearly \$9 billion under the ARP Act's Elementary and Secondary School Emergency Relief (ESSER) Fund. The ARP Act requires that a minimum of \$8.09 billion (90 percent) be allocated to LEAs, including charter schools and Special Act School Districts that are LEAs. Pursuant to the terms of the ARP Act, LEA allocations have been calculated using the relative shares of grants awarded under Title I, Part A of the ESEA for the most recent federal fiscal year (2020). Each eligible LEA's ARP-ESSER allocation may be found [HERE](#).

Under section 2001(d)(2) of ARP Act of 2021, each State Educational Agency (SEA) must make ARP-ESSER allocations to LEAs in an expedited and timely manner and, to the extent practicable, not later than 60 days after the SEA receives its ARP-ESSER funds. The first portion of ARP-ESSER Funds was awarded to states on March 24, 2021, and 60 days from that day is May 24, 2021. The U.S. Department of Education (USDE) has taken the position that an SEA makes allocations when it authorizes the LEA to begin to obligate funds in accordance with its needs. To enable New York State's LEAs to begin to obligate ARP-ESSER funds by USDE's May 24, 2021 deadline, the application for LEA 90% base ARP-ESSER allocations is being administered by NYSED as a two-part application process:

**ARP-ESSER Application – Part 1:** The first step was for each LEA to submit signed assurances to NYSED by May 24, 2021. Upon receipt of signed LEA assurances, NYSED provided an email notice to the LEA of substantially approvable application status. Upon receipt of such notice, LEAs were able to begin obligating their allocation of 90% base ARP-ESSER funds.

**ARP-ESSER Application – Part 2:** The second step will be the submission of a full application and budget by the LEA. NYSED will issue a Grant Award Notice (GAN) to the LEA after the LEA's application is fully reviewed and approved by NYSED. Part 2 will address several of the plan-related assurances an LEA must provide in Part 1 of the application process.

The ARP Act requires LEAs to reserve at least 20% of their 90% ARP-ESSER allocation to address learning loss through the implementation of evidence-based interventions, such as summer learning or summer enrichment, extended day, comprehensive afterschool programs, or extended school year programs, and ensure that such interventions respond to students' academic, social, and emotional needs and address the disproportionate impact of the coronavirus on economically disadvantaged students, children with disabilities, English learners, racial and ethnic minorities, migrant students, students experiencing homelessness, and children and youth in foster care. For your information, the minimum 20% reservation for each LEA may be found [HERE](#).

**Project Period**

March 13, 2020 to September 30, 2024 to obligate funds. Funds must be fully liquidated by October 31, 2024.

**Project Number**

The project number stem for the program is:

ESSER: 5880 - 21 - XXXX

This number should be used on the appropriate FS-10 budget form.

**Submission Deadline**

Completed applications are due by **August 31, 2021** (with extensions by request), and will be reviewed on a rolling basis.

Please note that applications must be submitted and fully approved by no later than March 23, 2022. LEAs that have not been issued a Grant Award Notice by that time will be at risk of having their ARP-ESSER allocation returned to the United States Department of Education.

---

**ARP-ESSER Application: Part 2 - ARP Act**Introduction/Instructions - Summary & Background

---

**APPLICATION PROCESS FOR LEA ALLOCATIONS OF ARP-ESSER SEA RESERVE FUNDS**

The federal ARP statute requires SEAs to reserve:

not less than 5 percent of the total amount of grant funds awarded to the State (\$449.4 million) to carry out activities to address the impact of lost instructional time by supporting the implementation of evidence-based interventions;

not less than 1 percent (\$89.9 million) to carry out the implementation of evidence-based summer enrichment programs; and

not less than 1 percent (\$89.9 million) to carry out the implementation of evidence-based comprehensive afterschool programs.

The 2021-22 enacted state budget directs that these required SEA set-asides be allocated as grants to specified school districts. Each eligible district's allocation of SEA reserve funds may be found [HERE](#). NYSED will inform school districts under separate cover when the application process for school district allocations of ARP-ESSER SEA set-aside funds has been published in the [SED Monitoring and Vendor Reporting System](#). This application is only for LEA 90% base ARP-ESSER allocations. LEAs should not apply for ARP ESSER SEA Reserve funds as part of this application.

**ARP-ESSER Application: Part 2 - ARP Act**Introduction/Instructions - Submission Instructions

---

**Submission Instructions**

MENANDS UFSD

010615020000

**Directions for Submitting the Application:**

The online application may only be submitted/certified by the chief school officer of the applicant LEA. The designated superintendent (public school LEAs), and the chief executive officer, board of trustees president, or school employee designated by the board of trustees (charter school LEAs) are the only administrators with the submit/certify rights necessary to successfully submit and certify a completed application for NYSED review.

LEAs ARE NOT REQUIRED to send hard copies of general application materials to the Department.

LEAs ARE REQUIRED to send signed originals and two hard copies of each FS-10 Budget Form to:

*Office of ESSA-Funded Programs - Rm 320 EB*

*RE: ARP-ESSER Application – Part 2*

*New York State Education Department*

*89 Washington Avenue*

*Albany, NY 12234.*

**Deadline for Submitting the Applications:**

The *ARP-ESSER Application – Part 2* is due by August 31, 2021.

**ARP-ESSER LEA Base 90% Allocation - Plan Development and Dissemination**

MENANDS UFSD

010615020000

Title VIII of Division B of the CARES Act directs the Department to carry out the Education Stabilization Fund, of which the ARP ESSER funds are a part. Section 2001 of the ARP Act provides for the Department to make grants to each SEA from the ARP ESSER funds. An SEA must allocate at least 90 percent of its ARP ESSER grant funds to its LEAs (including charter schools that are LEAs) in the State in the same proportion that the LEAs received under part A of title I of the ESEA in Fiscal Year 2020, as required by section 2001(d)(1) of the ARP Act; and section 2001(e) of the ARP Act prescribes certain mandatory and permissive uses of LEAs' funds. Under 20 U.S.C. 1221e-3, the Secretary has the authority to promulgate rules governing the programs administered by the Department. Under this requirement, each LEA that receives ARP ESSER funds must develop, submit to the SEA on a reasonable timeline determined by the SEA, and make publicly available on the LEA's website, a plan for the LEA's use of ARP ESSER funds. The plan - known as the LEA ARP ESSER Plan - and any revisions to the plan submitted consistent with procedures established by the SEA, must include a description of key activities which are required below.

**NYSED will consider each LEA's application for its base 90% ARP-ESSER allocation as meeting the USDE LEA ARP-ESSER use of funds plan requirement, provided the required elements of the plan are fully addressed in the LEA's application, combined with a budget, and then publicly posted after being developed with public input.**

An LEA must engage in meaningful consultation with stakeholders and give the public an opportunity to provide input in the development of its plan. Specifically, an LEA must engage in meaningful consultation with students; families; school and district administrators (including special education administrators); and teachers, principals, school leaders, other educators, school staff, and their unions. Additionally, an LEA must engage in meaningful consultation with each of the following, to the extent present in or served by the LEA: Tribes; civil rights organizations (including disability rights organizations); and stakeholders representing the interests of children with disabilities, English learners, children experiencing homelessness, children in foster care, migratory students, children who are incarcerated, and other underserved students.

Each LEA's ARP ESSER plan must be in an understandable and uniform format and, to the extent practicable, written in a language that parents can understand (or, if not practicable, orally translated). Upon request by a parent with a disability, LEA plans must be provided in an alternative format accessible to the parent.

- 1. In the space provided below, please describe how the LEA meaningfully engaged a diverse and representative set of the applicable stakeholders in developing a plan to use these funds and implementing that plan.**

In advance of the development of the plan the LEA regularly consulted with and sought input from all stakeholder groups to identify needs emerging from the pandemic that might be addressed through the use of funds, and considered that input in the development of the plan. This included regularly scheduled meetings that included the administrative team, inclusive of pupil personnel services, with the teachers association, with parents (particularly in coordination with our parent teacher organizations), and with our building and maintenance staff. Included, as well, was our BOCES Health & Safety specialist and our Homeless liaison. These conversations were conducted in person and virtually. Data and information were collected via surveys and through email, and in particular a dedicated email for parents and community members to be able to share thoughts. Over the duration of the funding period stakeholders will continue to be engaged, at a minimum annually, using either in person or virtual conversations, or surveys.

- 2. In the space provided below, please provide the URL for the website(s) where the LEA ARP-ESSER Plan is/will be publicly posted. For an LEA that does not have a website, the LEA may identify an online platform (e.g. social media group or post, file sharing service, email listserv) that allows plans to be directly communicated to students, parents or legal guardians, school staff, and other stakeholders. As appropriate, the LEA should provide details about how the plan will be made available to people who request it.**

<https://www.menands.org/plans-for-federal-relief-aid/>

Anyone who requests the information will be provided a copy electronically or in print based on their preference.

**ARP-ESSER LEA Base 90% Allocation - Program Information**

**ARP-ESSER Application: Part 2 - ARP Act**LEA ARP-ESSER Plan - ARP-ESSER Plan Development & Program Information

---

- 3. In the space provided below, please describe the extent to which and how the funds will be used to implement prevention and mitigation strategies that are, to the greatest extent practicable, consistent with the most recent CDC guidance on reopening schools, in order to continuously and safely open and operate schools for in-person learning.**

The most recent guidance from the CDC indicates that students benefit from in person learning in a safe and healthy environment which can be accomplished via tiered mitigation practices. The components of our plan provide that. In particular the funds will be used to purchase PPE, as well as to cover the salary costs of employees tasked with implementing health and safety protocols; these positions include additional cafeteria staff to ensure distancing and safety precautions during school breakfast and lunch when students would be unmasked, as well as a monitor tasked with assessing entrants and visitors to the building as well as student movement throughout the building during the day. the funding will also be used to secure a building substitute to cover staff absences - reducing the risk of exposure by having multiple individuals in that role.

- 4. In the space provided below, please describe the data that the LEA will use to identify student needs and monitor student progress as a result of planned interventions and supports.**

Each student participating in the summer program will be assessed using pre and post tests to measure early literacy skills and subsequent growth. Additionally fluency will be assessed pre and post through the use of running records. Similarly, math fact fluency and growth across the four operations will be assessed using pre and post tests. Three times annually students are assessed in ELA and math using NWEA, the needs identified will impact the targeted instruction and the benchmarking done three times annually will assess growth, as well as inform future instruction. Additionally the placement test in IXL will determine individualized and targeted interventions.

- 5. In the space provided below, please describe how the LEA will use the funds it reserves under section 2001(e)(1) - the required reserve of 20% of funds - to address the academic impact of lost instructional time through the implementation of evidence-based interventions, such as summer learning or summer enrichment, extended day, comprehensive afterschool programs, or extended school year.**

The plan also includes the use of funds to address learning loss of students during the pandemic, and assist those who have been remote with a safe return to school, including not only their academic, but social emotional needs as well. The funds dedicated to learning loss include the salary of staff for summer programming, the addition of an AIS instructor with a focus on mathematics, the purchase of research based best practice programs (Responsive Classroom/FLY 5, EnVision Math & Wilson Reading), materials and professional development, and lastly a building substitute to accommodate the needed release time for Professional Development.

- 6. In the space provided below, please describe how the LEA will spend its remaining ARP ESSER funds consistent with section 2001(e)(2) - the allowable uses of funds - of the ARP Act.**

Other than the funds dedicated to learning loss(item #5), the funds will be spent on preventative and mitigation strategies specified in #3 as follows: The most recent guidance from the CDC indicates that students benefit from in person learning in a safe and healthy environment which can be accomplished via tiered mitigation practices. The components of our plan provide that. In particular the funds will be used to purchase PPE, as well as to cover the salary costs of employees tasked with implementing health and safety protocols; these positions include additional cafeteria staff to ensure distancing and safety precautions during school breakfast and lunch when students would be unmasked, as well as a monitor tasked with assessing entrants and visitors to the building as well as student movement throughout the building during the day. the funding will also be used to secure a building substitute to cover staff absences - reducing the risk of exposure by having multiple individuals in that role.

---

7. **In the space provided below, please describe how the LEA will ensure that the interventions it implements, including but not limited to the interventions implemented under section 2001(e)(1) - the required reserve of 20% of funds - to address the academic impact of lost instructional time, will respond to the academic, social, emotional, and mental health needs of all students, and particularly those students disproportionately impacted by the COVID-19 pandemic, including students from low-income families, students of color, English learners, children with disabilities, students experiencing homelessness, children in foster care, and migratory students.**

To address the academic impact of loss of instruction the funds will respond to the academic impact of COVID through the implementation of an additional math AIS instructor, as math was a content particularly challenging to instruct in a COVID environment. The position will allow for the assessments of individual student needs in this area and the development of target remediation and intervention. In addition, the En-Vision math training will provide research based best practice professional development for all instructor of math to best be able to meet the needs of their students as it relates to math. The summer school program will provide both math and language rich opportunities throughout the summer, particularly targeted initially to students who were remote for all or part of the pandemic (disproportionately impacted) , and beyond that targeted to students from low income families, students of color, children with disabilities, and students experiencing homelessness.

The social emotional impact will be addressed specifically through the Responsive Classroom Training being provided, which will benefit all students social emotional well being, and in particular our neediest students, faced with the greatest challenges and most impacted by COVID-19.

**ARP-ESSER Application: Part 2 - ARP Act****LEA ARP-ESSER Plan - ARP-ESSER Return to In-Person Instruction**

---

**ARP-ESSER Return to In-Person Instruction**

MENANDS UFSD

010615020000

Section 2001(i)(1) of the ARP Act requires each LEA that receives ARP ESSER funds to develop and make publicly available on the LEA's website, not later than 30 days after receiving ARP ESSER funds, a plan for the safe return to in-person instruction and continuity of services for all schools, including those that have already returned to in-person instruction. Section 2001(i)(2) of the ARP Act further requires that the LEA seek public comment on the plan and take those comments into account in the development of the plan. Finally, section 2001(i)(3) of the ARP Act states that an LEA that developed a plan for the safe return to in-person instruction and continuity of services prior to the date of enactment of the ARP Act will be deemed to have met the requirement to develop a plan under section 2001(i)(1) as long as the plan meets the statutory requirements (i.e., is publicly available on the LEA's website and was developed after the LEA sought and took into account public comment).

The LEA's plan must include how it will maintain the health and safety of students, educators, and other school and LEA staff and a description of any policies it has adopted regarding each of the CDC's safety recommendations, including universal and correct wearing of masks; modifying facilities to allow for physical distancing (e.g., use of cohorts/podding); handwashing and respiratory etiquette; cleaning and maintaining healthy facilities, including improving ventilation; contact tracing in combination with isolation and quarantine in collaboration with the State, local, territorial, or the health departments of Native American Nations; diagnostic and screening testing; efforts to provide vaccinations to school communities; appropriate accommodations for children with disabilities with respect to health and safety policies; and coordination with State and local health officials.

The plan must describe how the LEA will ensure continuity of services, including but not limited to services to address students' academic needs and the social, emotional, mental health and other needs of students and staff, which may include student health and food services.

LEA plans must be in an understandable and uniform format and, to the extent practicable, written in a language that parents can understand (or, if not practicable, orally translated). Upon request by a parent with a disability, LEA plans must be provided in an alternative format accessible to the parent.

**NYSED will permit previously developed LEA re-opening plans to satisfy the ARP statutory requirement for the safe return to in-person instruction and continuity of services. LEAs must make any necessary updates to existing plans to conform with the USDE requirements within 30 days of receipt of ARP-ESSER funds and to review (and revise if appropriate) plans every six months thereafter (until September 30, 2023).**

- 1. In the space provided below, please provide the URL for the website(s) where the district's most current re-opening/return to in-person learning plan is/will be located. For an LEA that does not have a website, the LEA may identify an online platform (e.g. social media group or post, file sharing service, email listserv) that allows plans to be directly communicated to students, parents or legal guardians, school staff, and other stakeholders. As appropriate, the LEA should provide details about how the plan will be made available to people who request it.**

<https://www.menands.org/> specifically <https://www.menands.org/2021-22-covid-19-tiered-mitigation-protocols/>

All members of the school community received a link to the reopening plan via "School Messenger", also upon request individuals will be directed to the web page, and print versions are posted throughout the district and available upon request.

**ARP-ESSER Application: Part 2 - ARP Act**LEA ARP-ESSER Plan - ARP-ESSER Return to In-Person Instruction

---

2. **An LEA must periodically, but no less frequently than every six months (through September 30, 2023), review and, as appropriate, revise its plan. Consistent with section 2001(i)(2) of the ARP Act, which requires an LEA to seek public comment on the development of its plan, an LEA must seek public input and take such input into account in determining whether to revise its plan and, if it determines revisions are necessary, on the revisions it makes to its plan, i.e., the LEA must seek public input on whether to revise its plan and on any revisions to its plan no less frequently than every six months (taking into consideration the timing of significant changes to CDC guidance on reopening schools). If the LEA revises its plan, the revised plan must address each of the aspects of safety currently recommended by the CDC or, if the CDC has updated its safety recommendations at the time the LEA is revising its plan, each of the updated safety recommendations.**

**In the space provided below, please describe how the LEA will review and regularly update (at least every six months through September 30, 2023) it's plan for in-person instruction, including a description of how public comment will be collected.**

At a minimum of twice annually, during the period the funding is available, the district will include on the Board of Education agenda, a discussion item, related to the review and update of the plan. The board and members of the public in attendance will have the opportunity to provide comment and feedback. The presentations at those meetings will be posted to the district web page, and comment can be provided through a dedicated email address for that purpose.
